WELCOME TO THE BEITELSPACHER RANCH ANNUAL PRODUCTION SALE

BEITELSPACHER FAMILY – BRYCE, TARA, MARK, SHARON & BRADY

Each year goes faster and faster, and each year continues to bring with it an exciting array of genetics to study with an exciting array of bulls as a final product. We are sure to find you the perfect bull for each of your program's needs. This year's offering features 65 stout Simmental and SimAngus bulls and 21 Angus bulls.

Last year we debuted Dakota Outlaw. His sons continue to make a mark on our program, and we are happy to offer several half-brothers for purchase. We are also excited about many other fresh genetics that we've included in our offering this year. Some of these include Growth Fund, Epic and Jesse James.

We encourage you to stop any time at the ranch to evaluate the offering. They will also be available for viewing prior to the sale. Please come early to have a look and join us for lunch which will begin being served at 11:30 a.m.

The bulls have been raised using a high roughage ration. We recommend that you continue to keep your purchase(s) on a similar ration. As we look back on our years of data, we are pleased our bulls have and continue to excel which is proven by their longevity and performance numbers. You will also find docile cattle which is always a priority within our family-run operation.

When setting the goals for your operation, please do not hesitate to call me, Bryce or Brady for suggestions on which lots will fit your program best. We continue the "You Haul It Rebate" at \$100 / purchase, so feel free to bring along trailer to take your purchases that day. We can also keep your bulls at the ranch, free of charge, through April 30, 2023. After that date, we will charge a rate of \$2 per head per day.

On the day of the sale, we will cover 50% of your insurance purchases. Our motto is: "We take care of our customers, or someone else will!" A representative from Martin - Trudeau will be on hand to help you. Their insurance plan protects your investment and is an invaluable tool, we've come to depend upon. Talk to Ray, he's got a great product.

Thank you for your continued trust in Beitelspacher Bulls!

We look forward to seeing you on sale day,

Mark Beitelspacher

The one and only Thunder bull in the offering! With semen supplies running low and Thunder now deceased there is no time like the present. This guy is flat out good. He is moderate framed, neat through his chest and neck and backed by Broker as his grandsire. This guy will sire an outstanding offspring of feeder cattle, but I believe the heifer calves are where his true potential lies!!
