Heifer photos & vidoes - January 31, 2026

TERMS AND CONDITIONS:

All cattle sell under the Terms and Conditions as recommended by the American Angus Association. No cattle will be transferred, delivered, or released without full payment or arrangements made. All bulls are guaranteed to be functionally sound breeders.

VIEWING:

The entire offering will be available for viewing at the ranch any time prior to sale week—just call and we'll be happy to show them. On Thursday evening, bulls will be transported to Mobridge Livestock, where they will be penned and ready for in-person viewing all day Friday leading up to the sale.

TAGGING AND LOT NUMBERS

- Green Tags - Simmental / SimAngus
- Blue Tags - Purebred Angus
- White Lot Tags - Bull Lot tags in catalog

BUYER BENEFITS:

>> SALE-DAY HAUL-HOME CREDIT <<

Receive \$100 off each bull that goes home with you on sale day. Bulls may remain at the ranch free of charge until May 1, 2026. After that date, yardage will be \$3 per head per day.

>> MULTI-BULL PURCHASE ADVANTAGE <<

Customers purchasing multiple bulls will receive the following discounts at settlement:

- 3 bulls — 3% discount
- 4 bulls — 4% discount
- 5 or more bulls — 5% discount

>> SALE-DAY INSURANCE SUPPORT <<

For added peace of mind, we cover 50% of the mortality insurance premium on sale day. Coverage is available through: Dakota AG Insurance ~ Jared Mohnen, (605) 999-4475

GENOMIC VERIFICATION:

HOMO BLACK & HOMO POLLED

For our bull sale, we had Neogen's GeneSeek laboratory perform genomic testing on all our Simmental bulls to determine homozygous black and homozygous polled status. Using high-resolution DNA genotyping, GeneSeek tests identify animals that carry two copies of the dominant black coat color gene and the polled (horn-free) gene, giving buyers confidence that these desirable traits will consistently be passed on to offspring. This DNA testing adds precision and value to our sale offering by confirming the genetic makeup of each bull.

ONLINE BIDDING:

View the sale online at dvauction.com & click on the Beitelspacher Ranch tab.

WELCOME!

THANK YOU FOR SHOWING INTEREST IN OUR PROGRAM AND FOR TAKING THE TIME TO LOOK THROUGH THIS YEAR'S OFFERING. EACH YEAR, WE WORK TOWARD ONE GOAL: PRODUCING GENETICS THAT ADD VALUE TO YOUR OPERATION AND IMPROVE YOUR BOTTOM LINE. WE APPRECIATE THE TRUST SO MANY OF YOU HAVE PLACED IN OUR CATTLE, AND WE DO NOT TAKE THAT RESPONSIBILITY LIGHTLY.

With all-time highs being set across the feeder cattle industry, it is an exciting and optimistic time to be in the beef business. Strong markets reward producers who focus on genetics, consistency, and sound management. We are proud to offer a set of bulls that we believe will meet today's demand for growth, efficiency, and long-term profitability. We sell cattle by the pound just like everyone else — and we know that true performance pays.

This year's offering is one of the most powerful, complete groups we have raised. From start to finish, these bulls combine the traits commercial cattlemen rely on: performance, maternal strength, carcass quality, structural soundness, and easy-fleshing ability. Functionality comes first, but we also believe good cattle should have eye appeal.

Our bulls are developed on a grower ration and are fed twice a day. We believe this steady, consistent approach is pivotal in producing athletic, durable, and fertile bulls that hold up in real-world conditions. We stand behind them because we know how they were raised — bred, born, and developed right here on the ranch.

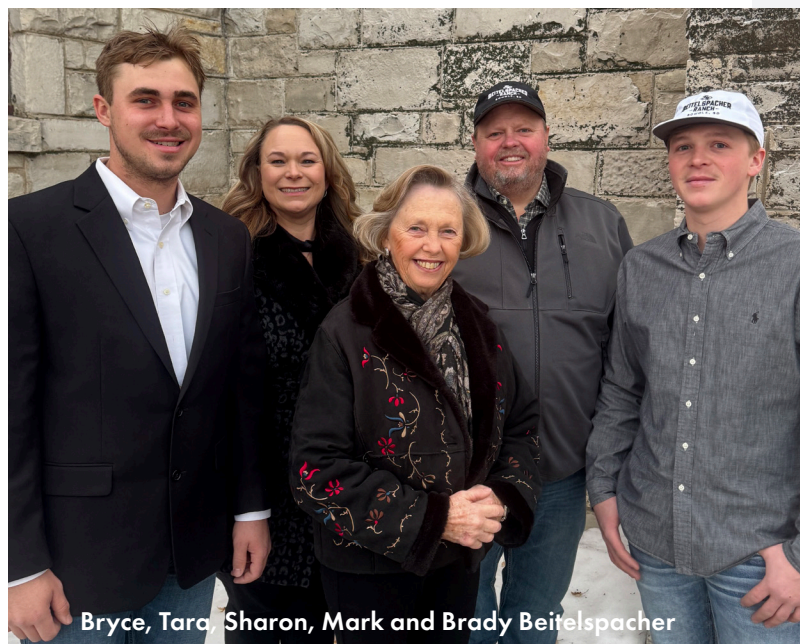

As a family-run operation, we are proud to be moving into our fourth generation. After Brady completes his internship, both boys will be home full-time, and we are grateful to have them continue what our family started. Just as important to us is the ability to maintain and grow the friendships and customer relationships that have supported our ranch for decades. We truly appreciate each of you.

Thank you for your confidence in our program. We hope to see you on Friday, February 27, for our complimentary beef lunch and sale. If you would like to stop by the ranch ahead of time, call or text any of us — we're always happy to show you the cattle.

MARK & THE BEITELSPACHER FAMILY

Bryce and Brady made the trip to National Western in Denver this January to see Lakota Sioux, last year's high-selling bull from our program. Watching a bull we raised stand on a national stage is a proud reminder of why we put so much into these cattle.

Bryce, Tara, Sharon, Mark and Brady Beitelspacher

LOT 18

Three full bothers in lots 18-20 that we believe are awfully good. These Bedrock calves have been impressive since birth being some of the most vigorous Angus sired calves we have ever had. With old reliable 8144 on the bottom side, the longevity of these bulls will be second to none. We truly believe Angus and Simmental compliment one another better than any other breeds of cattle and it shows in this trio of young herd sires.

This very well could be the best Purebred Angus bull we have ever raised. Not only do his numbers get you fired up his presence is second to none. A very square built, big hiped, meat wagon of a bull. His mother has rose to the top of our Angus herd and I foresee Bedrock leaving his mark on the breed. Lot 75 is truly something special.

Only three Rise Above purebreds on the sale and I wish we had 30. These bulls are my kind of Angus cattle. Stout, functional, and fun to look at. I have yet to determine which of the three is my favorite, but I can guarantee you they are all good Angus herd prospects!

Yardley Black Granite is a Coleman Rock son that we purchased from the Yardley Family of Utah. I am very excited to see what this bull will do for us in the future as he has become our go to Angus herd sire. Lot 81's dam originates from the JWC program and is backed by the ever popular KR Casino. You can expect Lot 81 to add growth and frame size along with hair quality and eye appeal to your next calf crop.

Lot 82 is the result of an embryo purchase we acquired from Sullivan Farms. Last year, when we decided to offer our top five replacement females, we knew they needed to get better from year to year. We lead off this year's female offering with a Next Level daughter that is truly breathtaking. Her mother, JSUL Reba's Fancy 8375F, was named the 2020 American Junior Simmental Association Classic Grand Champion Percentage Simmental as well as the Reserve Grand Champion Percentage Simmental at the 2020 National Western Stock Show. Lot 82 is exactly the type and kind of female we strive to produce at our ranch. She is a must-see heifer that could very well write her name in the history book, just as her sire and dam have already done.

OUR CATTLE DOG, RUBY.

Lot 83 will be the first-ever 8144 daughter we have decided to bring to public market. As many of you know, 8144 has been one of the most valuable assets to our operation. She produced the high-selling bull in our 2024 sale, BR Law and Order, along with multiple past sale high sellers. This year alone, she has 11 embryo calves in the offering, making her our highest-producing donor to date and averaging over 30 oocytes per flush.

BR Mr. Law and Order is a full sib to Lot 83. He was our high seller in 2024.

KRJ F8144 has become a key producing female for us and the dam of Lot 83.

**LOT 84**

Lot 84's Dam - ES J138 has been a valuable female in our program, consistently producing functional and sound progeny.

Lot 84's sire, Reckoning 711F.

ES J 138 - ASA #3946191

ES A 85

Baldy enthusiasts take a look here. This female is one of the longest necked, biggest bellied, purebred females I have seen to date. 84's dam was our selection of the 2023 Eiacher Simmental sale and has turned out to be one of our top performing cows. Her maternal brother was a high selling bull in last years sale demanding \$11,000. Her sire, Reckoning 711F was named the champion % Simmental at both the 2019 NAILE and 2020 NWSS. Moral of the story, there is maternal cow power in this ones blood!

**LOT 85**

Lot 85's sire, SO Remedy 7F, was the 2021 Cattlemen's Congress Grand Champion Purebred Simmental Bull and has since sired numerous high-placing progeny on the national stage, including finalists at major events such as the National Western Stock Show and AJSA National Classic. He also commanded a record \$530,000 at the 2021 Embryos on Snow event in Oklahoma City.

MR MISS SURE SHOT 2-748Z

BUSINESS BREED TIME!! Lot 86 is a maternal sister to last year's high-selling Angus bull. If you like big, stout, functional females that don't sacrifice any look, this is the one for you. Growth Fund has changed the Angus game completely by making bulls that go out and perform, and females that raise the bar when you consider maternal traits. Alpha has sired high sellers across the country and has become a go-to Angus sire in our program. As I stated last year, we don't raise many Angus cattle, but we are proud of the few we do.

Our 2025 Lot 77 was our highest-selling Angus bull and is a maternal sibling to Lot 86.

Lot 86's sire, Collinson Alpha 028, was the Division Champion at the 2021 Cattlemen's Classic and has since produced progeny that have sold to strong demand in multiple fall sales.
